

WHAT YOUR FIRST 3 MONTHS LOOK LIKE.

No mystery, no waiting around. Here's exactly what happens from the day you sign up to the day it's all running on rails.

1

WEEK 1

WE BUILD

- ✓ Briefing & alignment call — your services, your area, what makes your workshop different
- ✓ Landing pages built to turn car owners into booked jobs
- ✓ Google & Facebook ad campaigns set up
- ✓ Tracking wired in so every lead is counted

Ads live by day 7. Not week 7.

2

MONTH 1

UP & RUNNING

- ✓ Campaigns live and bringing in leads
- ✓ Learning phase: the platforms gather data on what converts
- ✓ We tune targeting, bids and copy as results come in
- ✓ You see everything — live dashboard, no smoke and mirrors

Expect movement, not perfection — this month is about feeding the machine good data.

3

MONTH 3

SMOOTH SAILING

- ✓ Campaigns dialled in on what actually books jobs
- ✓ Steadier lead flow at a cost per lead that makes sense
- ✓ Monthly reporting rhythm — what we did, what it returned, what's next
- ✓ You focus on the workshop floor, we keep pushing the numbers

Month-to-month the whole way. We earn your business every month.
