

MECHANICS ONLY · AUSTRALIAN OWNED

THE MECHANIC MARKETING CURRICULUM.

We only market for automotive workshops — diesel and Euro specialists, panel shops, mobile mechanics and everything in between. It's the one thing we do, and we do it properly. Here's exactly what happens when you come on board.

DAY 0

WE AUDIT

A deep dive into your ads, website and tracking. We find the leaks, the waste, and the opportunities your current setup is missing — so we build on facts, not guesses.

DAYS 1-7

WE BUILD

Landing pages, campaigns, tracking. All built to convert car owners into booked jobs. Live in 7 days, not 7 weeks — and you own every piece of it.

DAY 8+

YOU GROW

Monthly optimisation, transparent reporting, and results you can bank. We keep pushing the numbers so you can focus on the workshop floor.
